Subject: Sampling support for Freedom Industries Chemical Spill

Mr. Ex. 6 - Personal Privacy [REDACTED]

I spoke with OSC Matlock regarding your request of WVDEP for sample collection assistance along the Kanawha River. He indicated, in coordination and request with WVDEP (Rusty Joins and Cindy Musser present) that EPA START will assist. Please reply with sample times, location and volume. We have 1L amber bottles and 40 ml VOAs. We do not have our boat with us and will need to work from the shore. However, we do have extension poles to assist.
